Laura Felt – Asheville #74 – “Endless Possibilities of Washi

For some, creating with washi paper might be challenging. Not so for Laura Felt who can cover most anything with washi paper. Working with washi is easy when you follow Laura’s start to finish instructions for covering napkin rings, ornaments, and tissue boxes with washi paper. Don’t forget to check out her list of materials (including ordering washi paper on the internet), and step-by-step directions for all three items she demonstrates in the video.
