

## HOW TO DOWNLOAD LATEST ZOOM APP

Go Zoom.us

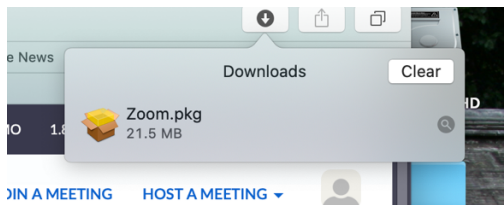

At the top right menu bar – click on RESOURCES, then DOWNLOAD ZOOM CLIENT

Click the blue DOWNLOAD button for the latest app

Go wherever files are downloaded on your computer and click on the Zoom.pkg to download

You should get a message that the download was complete

**The installation was successful.**

The software was installed.

Click move to Trash if you get this message – the download is complete and you don't need to keep the install package.
